

# ABHIN.V

Front End developer

[abhinpradeepan@gmail.com](mailto:abhinpradeepan@gmail.com) | [+917902314666](tel:+917902314666) | [Linked In](#) | [Kerala ,Kannur](#)

## Summary

Frontend Developer with hands-on experience in building clean, responsive web applications using React.js and Next.js. At TiQr Events, I develop scalable event management interfaces, integrating Payload CMS and real-time data systems with Firebase and custom APIs. Previously at Kiebot, I focused on creating reusable React components and delivering efficient, user-friendly UI designs. Passionate about problem-solving, writing clean code, and staying current with modern frontend technologies..

## Work Experience

1. **TiQr Events | Frontend Developer | 2024 – Present** <https://tiqr.events/>  
Building scalable event management interfaces using **React.js** and **Next.js**, focusing on performance, reusable components, and clean UI/UX.
2. **Kiebot — 2023** <https://kiebot.com/>  
Worked on full-stack web development using **React.js** and **Node.js**, contributing to responsive UI design, API integration, and agile team collaboration.

## Personal Projects
